(3) The Amildar's report read with the above shows that Nagadi, being a place where much trade is not carried on, does not require a telegraph office. Besides, the people are not prepared to execute the mutchalika required as the amount quoted by the Tel. Deptt is in their opinion excessive and as the period for which the guarantee is required is very long.

Letter No. 510/11, dated the 26th January 1912, from the Director of Telegraphs, Madras Circle, to the Resident in Mysore, Bangalore.

I have the honour to inform you that at the instance of the inhabitants of Magadi in the Bangalore District who apparently are prepared to give a guarantee, a proposal has been made for introducing a telegraph branch to the post office at Magadi.

2. The Director General of Telegraphs has quoted a guarantee of Rs. 312/- per annum subject to revision when the actual cost is known for a minimum period of 5 years or for such longer period as may be considered necessary thereafter by him for the proposed loop of the telegraph branch to Magadi with an office at Magadi. In other words, the guarantors would have to make good to the Government Telegraph Department the difference between onehalf of the Indian Government share of the receipts (if less than Rs. 624/-) on account of messages booked at the combined office at Magadi and Rs. 312/- payment on the guarantee owing to losses on a year's work being reduced to the extent of any credit to Government which may have accrued on the working of the previous years.

3. If the inhabitants of Magadi agree to the terms mentioned above they should obtain as is usual in such cases the acceptance of the Mysore Durbar to the financial responsibility for the guarantee and when this acceptance is communicated to this office by you, arrangements will be made for the opening of the combined office.

4. The original petition submitted by the inhabitants is herewith forwarded for your information and return when done with.
